

AMERICAN OEM USERS WELCOME OLIVETTI OPE

Olivetti created a new company fully committed to the OEM market:
Olivetti OPE Peripheral Equipment.

OPE is:

technology, know-how and quality;
the benefits of over 70 years' experience
of the parent company.

OPE is:

200 highly skilled engineers in R & D;
1,500 highly trained production people;
430,560 square feet of plant space.

OPE is:

daisy wheel printers;
dot matrix printers;
thermal printers;
printing mechanisms;
8" flexible disk drives;
5 $\frac{1}{4}$ " flexible disk drives;
8" Winchester hard disk drives;
5 $\frac{1}{4}$ " Winchester hard disk drives.

OPE's commitment to the OEM market
for the 80's: to service you with the best
products at the best prices.

Good reasons why American OEM
users welcome Olivetti OPE.
